

The *Long Island Dental Hygienists' Association* is a non-profit organization devoted to providing local dental hygienists with the resources and information they need to succeed. LIDHA is the only non-profit dental hygiene association on Long Island providing quality continuing education courses-we are not a business. LIDHA's board members are all volunteers who dedicate their time and knowledge in an effort to help enhance the profession of dental hygiene.

By attending a LIDHA course, you are supporting an association that supports you and your interests.

Whether this is your first course with LIDHA, or you are a frequent attendee, please introduce yourself to the event organizers and let them know if there are any topics you would like to see in the future.

All The Best  
~Your LIDHA Board~

### Registration/Cancellation/Refund Policy

Registration and payment must be received one week prior to each course date to ensure proper seating. \*There will be an additional \$20 charge for on-site registration.

Cancellations must be notified 7 days prior to the event at the latest. After that point a credit toward a future course within one year will be issued. Missed courses will not warrant a refund.

Payee is responsible for all bank fees.

For further information contact Veronica Korologos at (516) 319-3059.

**The ABC's of ALS**

(Lou Gehrig's Disease)

Theresa Imperato, RN

2 Credits

(Lecture Format)

Although rare, Amyotrophic lateral sclerosis (ALS or Lou Gehrig's Disease) is seen in dental offices at an increasing rate. Be prepared and knowledgeable on how to best serve your patients with ALS by attending this revealing lecture.

By the end of this course, you will be able to:

-Identify which body systems are affected by ALS.

-Identify signs and symptoms of ALS

-Understand how ALS can affect oral function

-Identify factors that will improve a patient's oral health when diagnosed with ALS

-Identify enhanced ways to treat an ALS patient during dental visits

-Become familiar with commonly used medications for ALS patients

Sunday, September 13, 2009

**Understanding the  
Perio-Ortho Connection**

Vasilios D. Mesimeris, DMD

Howard Tichler, DDS

Jenny Abraham, DDS

3 Credits

(Lecture Format)

**Bring the whole office!**

The relationship between orthodontics and periodontics is vital to obtaining the most esthetic, functional and stable results. Proper gingival margin levels, inter-dental bone heights, proper occlusion and alignment of all teeth promote optimum periodontal health. The dental hygienist plays a vital role in assisting maintaining the oral health required for successful results.

By the end of this course, you will be able to:

-Understand the relationship between periodontal health and proper orthodontics

-Understand the dental hygienists role in assisting in treatment and maintenance

-Identify occlusal factors that can cause dental trauma

-Identify patients that are best candidates for ortho therapy as it pertains to periodontal health.

Both courses will take place at the historic  
Milleridge Inn  
585 North Broadway  
Jericho, NY 11753  
(516) 931-2201

Registration 8:45  
Course Begins at 9:15

Full Delicious Buffet Breakfast

Lots of samples, door prizes and raffles will help to make the morning even more fun!
